Before the  
Russian-Ukrainian war,  
the Stfalcon mission was:

**"We develop software  
that improves people's  
lives"**

Now the mission is  
transformed to:

**"We develop software  
that improves and saves  
people's lives"**

# Air Alert

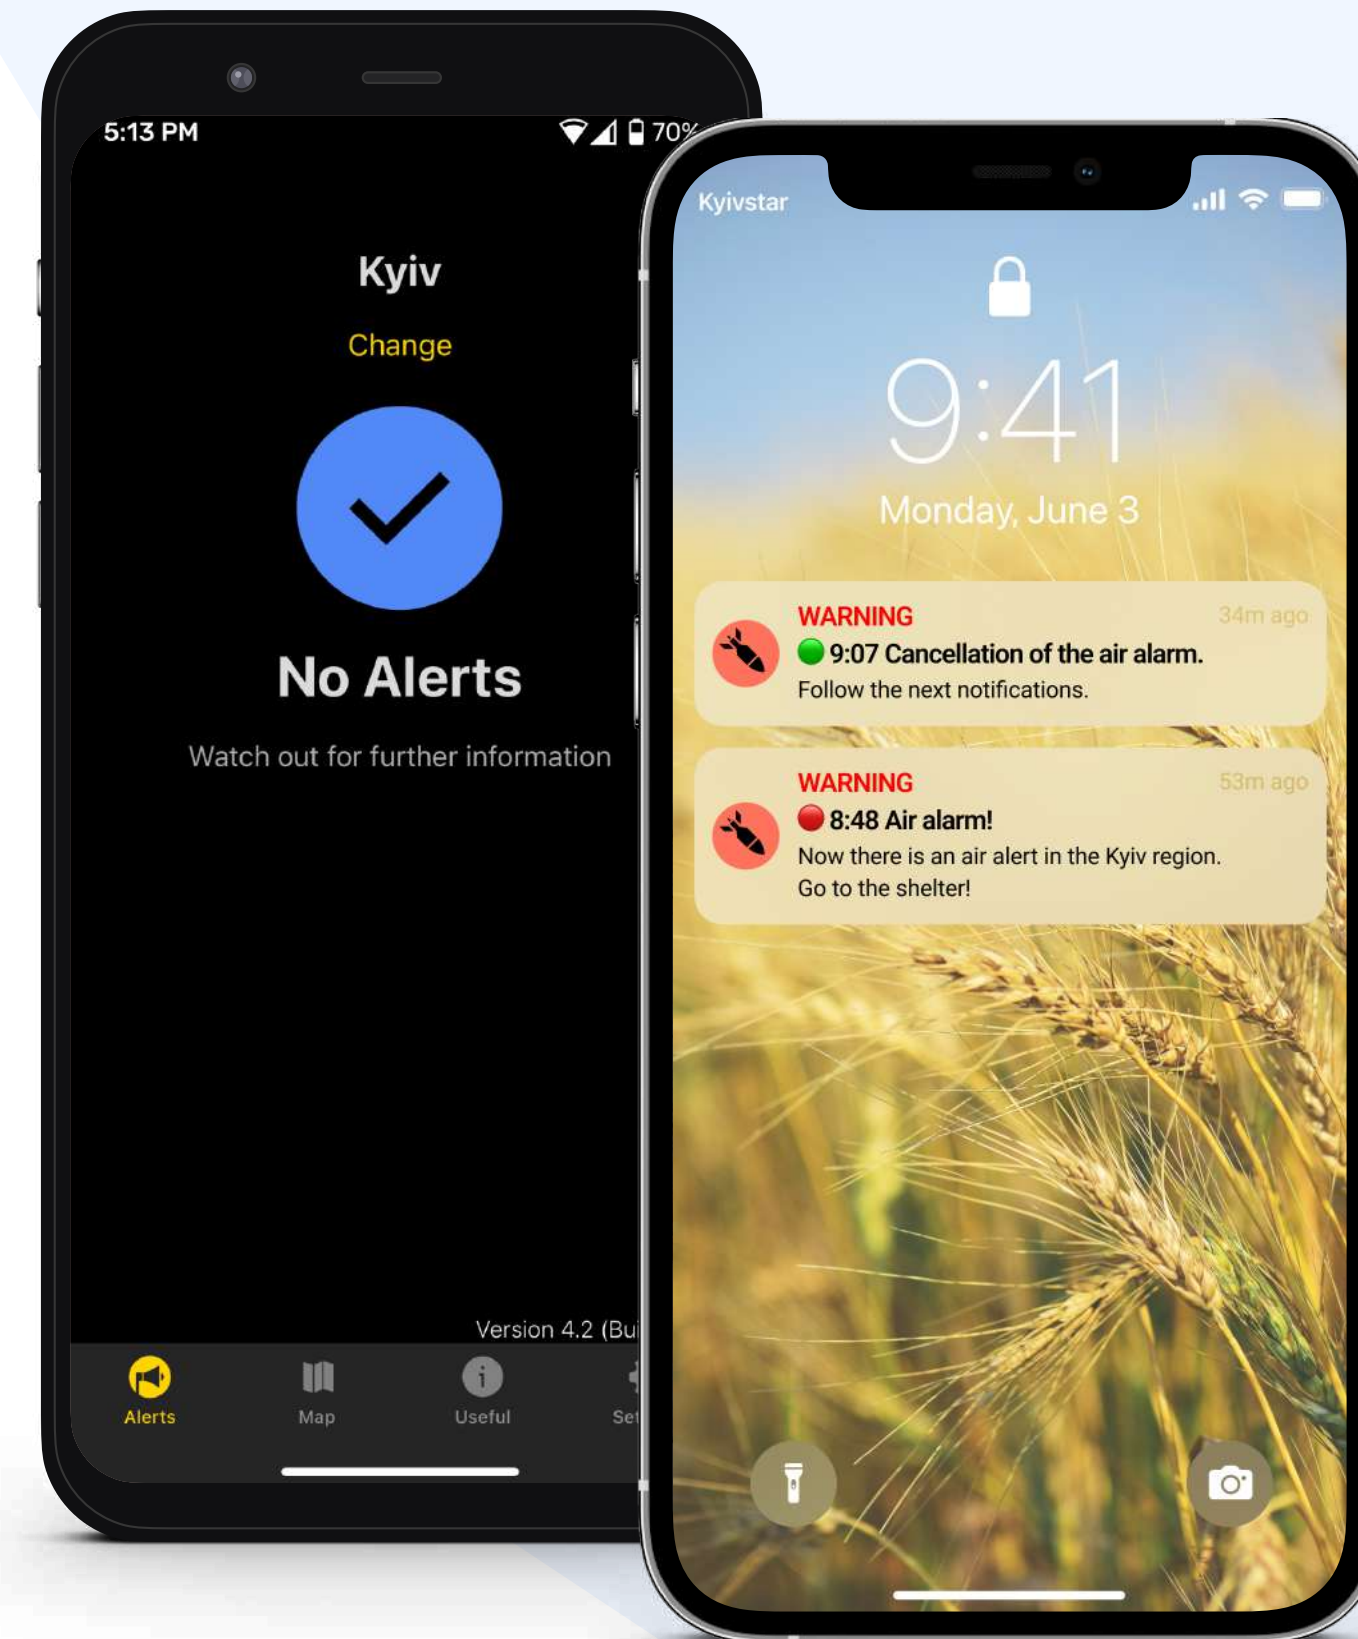

Stfalcon and Ajax teams with the support of the Ministry of Digital Transformation of Ukraine created an app that informs Ukrainians about missile attacks with silent and do-not-disturb modes on phone. Such projects create for years, and we did it in a few days!

# MeinFernbus

We could arrange such kind of work where the process of development solves much more business problems rather than creates any. This is a very valuable feature when you develop a startup.
